Andersons Solicitors is delighted to announce the promotion of [**Matthew Fuss**](#) from Partner to Equity Partner.

Mr Fuss has been a part of Andersons' Civil Law team since 2005.

Andersons Managing Partner Felix Hoelscher said "Matthew's strong knowledge of motor vehicle accident and personal injury law, as well as his skill in worker's compensation matters, mean that he is a natural fit to be the head of our civil law section."

Fuss will lead the entire civil law team across all of Andersons' six offices.

"Furthermore, Matthew's long history with the practice and his good management of

our Morphett Vale office has seen unprecedented growth in that region, and he will continue to oversee that office on behalf of the firm.”

Mr Fuss said joining Felix, Gary and Ryan as an equity partner of Andersons is both a privilege and humbling.

“Andersons has given me many opportunities to grow and develop both personally and professionally over the past 17 years including support and guidance in establishing the Morphett Vale branch of the firm. Entering into equity is the next step in that journey.”

“In joining the partnership, I see a lot of excitement and opportunity to continue working with our team to ensure the firm continues to thrive, well into the foreseeable future. I am really looking forward to experiencing what that journey holds and what we can achieve as a firm” said Mr Fuss.

For over fifty years, Andersons has provided legal advice and services for individuals and businesses across all areas of the law. The firm practices from six office locations across South Australia.
